

120ah lithium ion battery

Overview

A 120Ah lithium battery is a rechargeable energy storage device with a capacity of 120 ampere-hours. This capacity signifies how much energy the battery can store and discharge over time. Typically used in deep cycle applications, these batteries efficiently provide consistent power. Check each product page for other buying options. Need help?

. Dual-purpose lithium power—built to start engines and run your rig all day, even in the cold. Provides 100% DOD (Discharge Discharge) —2,000+ recharge cycles, and up to 7,000 under ideal charging conditions. Shop now for fast shipping and easy returns! .
