

15kW solar energy storage cabinet product specifications

Test certification
CE  FC 

Overview

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ensuring reliable performance in various environments. Power all the energy consuming items in the AI+ 12K. 15 package plus the AC, water heater, and electric washer/dryer. Storz Power AI+. The MOBICELL-15K is a modular three-cabinet clean power system engineered to replace diesel generators for backup and mission-critical power. The system combines: Fuel Cell Cabinet — housing three 5 kW HT-PEM methanol fuel cells (15 kW total) Battery & Power Electronics Cabinet — with integrated. The high-capacity 15KW kit features a 14. With integrated LiFePO4 technology, it offers safety and longevity, perfect for off-grid or remote applications. By continuing, I. PV ENERGY STORAGE SYSTEM PRODUCT FEATURES It can automatically switch between Solar power, City power and battery power Support APP and WiFi remote monitoring Adopt LED display to show the operating conditions of solar power, city power, battery, and load. The excess solar power will directly enter.
