

200 watt wind turbine

Overview

Buy a high-efficiency 200 watt vertical axis wind turbine with a wind speed rating of 12m/s and a service life of up to 20 years. Small vertical wind turbines provide low torque, efficient current, and voltage regulation for domestic use, road lighting, landscape. Low cost horizontal axis home wind turbine generator for sale, rated power of 200 watt. The wind turbine comes with a robust tower and strong rotor blades to withstand harsh weather conditions and operate smoothly even at high wind speeds. Double bearings make it more stable and not easy to shake when wind generator is running. This type of wind turbine is often used in households. 0m/s and can connect with solar panel together.

200 watt wind turbine

200W Horizontal Axis Wind Turbine, 12V/24V

Low cost horizontal axis home wind turbine generator for sale, rated power of 200 watt. The wind turbine comes with a robust tower and strong rotor blades to withstand harsh weather ...
