

# 480w photovoltaic panel specifications

## Overview

---

95A Open Circuit Voltage (Voc): 52.16% Panel NOCT: 45°C Temperature Coefficient: -0.2 kg Panel Dimensions. Power (Pmax): 480W Opt. 60/watt), making them more cost-effective than both lower-wattage and ultra-high-wattage alternatives for most residential and commercial applications. Installation. Better light trapping and current collection to improve module power output and reliability. Excellent Anti-PID performance guarantee via optimized mass-production process and materials control. High salt mist and ammonia resistance. This 1000 V IEC/UL solar module with its 12 busbar cell design ensures.   0. Wind Speed 1m/s Nominal Operating Cell Temp. Power (measured in watts) and efficiency (how well panels convert sunlight to electricity) are some of the most common metrics used to compare solar panel products.
