

48V Energy Management for Communication Power Supply Cabinet

48V Energy Management for Communication Power Supply Cabinet

DC POWER SOLUTIONS for Core Applications

DC back up for 12V, 48V or 400V power. Building your core site with reliable components designed to achieve high efficiency is a great way to control cost - from the rectifiers within the DC power ...

Building a Better -48 VDC Power Supply for 5G and Next

In this article, we present a stackable and interleaving multiphase high voltage inverting buck-boost controller that will

resolve all the requirements/challenges
to meet today's 5G telecom equipment

...
