

5g solar container communication station wind power supply

Higher Anti-Rust Performance
Lower Internal Impedance

5g solar container communication station wind power supply

5g solar container communication station power supply solution

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

Solar solar container communication station wind and solar

The wind-solar-diesel hybrid power supply system of the communication base station is composed of a wind turbine, a solar cell module, an integrated controller for hybrid energy

**2MW / 5MWh
Customizable**

5g solar container communication

station wind power supporting

This article aims to reduce the electricity cost of 5G base stations, and optimizes the energy storage of 5G base stations connected to wind turbines and photovoltaics.
