Alpha ESS System

This residential energy storage system includes the 5kW hybrid single-phase inverter and 10.1kWh battery module. This product can capture more precise data for stricter VPP requirements.

LiFePO₄ Battery,safety

Wide temperature: -20~55°C

Modular design, easy to expand

The heating function is optional

Intelligent BMS

Cycle Life:> 4000

Warranty:10 years

Datasheet_EN_SMILE-G3-BAT-10.1P_V01.08022023

** When the ambient temperature is too low or too high, the performance of battery may be limited.

AlphaESS: Different Types Of

Battery Energy Storage Systems For Sale

Our residential energy storage solution covers 3 ~ 20 kW, and this range is predominantly designed for PV self-consumption, back-up power, load shifting and off-grid solutions for household applications.
