

# Anshan Iron and Steel Photovoltaic Energy Storage Power Generation Project

## Anshan Iron and Steel Photovoltaic Energy Storage Power Generation

---

### Ansteel Group has built the first self-invested megawatt photovoltaic

This project is an important initiative for Anshan Iron and Steel to implement the "Double Carbon" work deployment of Ansteel Group and realize the transformation and upgrading of energy ...

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

## Relocation of the city, hydrogen metallurgy Anshan Iron and Steel

The 76MW photovoltaic power station will be built on the roof of 13 workshops including the comprehensive finished product warehouse with nearly 800,000 square meters.
