

Application range of small lithium battery packs

Overview

4V compact battery packs to high-voltage 22. 2V solutions, these batteries are widely used in consumer electronics, medical devices, power tools, and even industrial applications. By 2025, cylindrical lithium-ion batteries are projected to achieve between USD 15 billion and USD 17 billion 2025, with a CAGR of 7. These batteries enable the creation of smaller, thinner, and lighter products without compromising on performance. As the demand for ultra-thin electronic gadgets. Custom battery packs that are manufactured for a portable device. They come in standard sizes of 18mm diameter with 65mm length (18650 types), 26mm diameter with 65mm length (26650 types), and 21mm diameter with 70mm. A battery pack is essentially a group of individual batteries (called cells) that work together to provide power to devices of all sizes.

Application range of small lithium battery packs

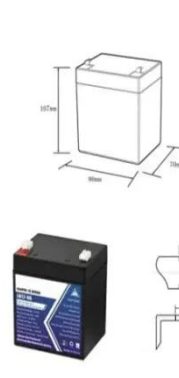

Designing with Ultra-Thin Miniature Battery Packs

Miniature batteries are available in various chemistries, including lithium-ion, silver oxide, zinc-air, and solid-state. They are used in a wide range of applications, including hearing aids, fitness ...

A Quick Guide to Lithium-Ion Battery Sizes and Uses in 2025

A lithium-ion battery size chart can help you compare options. Whether for small gadgets or big systems, picking the right size ensures good performance and reliability.

12.8V6Ah

- Nominal voltage (V):12.8
- Nominal capacity (ah):6
- Rated energy (WH):76.8
- Maximum charging voltage (V):14.6
- Maximum charging current (a):6
- Floating charge voltage (V):13.6-13.8
- Maximum continuous discharge current (a):10
- Maximum peak discharge current @10 seconds (a):20
- Maximum load power (W):100
- Discharge cut-off voltage (V):10.8
- Charging temperature (°C):-50
- Discharge temperature (°C):-20-+60
- Working humidity: <95% R.H (non condensing)
- Number of cycles (25 °C, 0.5c, 100% dodi): >2000
- Cell combination mode: 32700-4s1p
- Terminal specification: T2 (6.3mm)
- Protection grade: IP65
- Overall dimension (mm):90*70*107mm
- Reference weight (kg):0.7
- Certification: un38.3/msds
