

# Asian lithium battery pack manufacturers

## Overview

---

Here are the top 10 lithium-ion battery manufacturers in Asia; CATL, BYD, LG Energy Solution, Panasonic, TYCORUN, EVE Energy, Samsung SDI, SK On, CALB, GS Yuasa Corporation. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Asia-Pacific Lithium-ion Battery industry. Need More Details on. For buyers tracking the lithium battery market, this 2025 list helps you shortlist the right lithium battery supplier by segment, chemistry, and region. If you're comparing any lithium battery manufacturers, start with chemistry fit, certification, and total landed cost; then validate capacity. China dominates the global lithium-ion battery market, supplying ~70% of worldwide capacity and housing innovation leaders driving the energy transition. From EVs to grid-scale storage, these manufacturers combine cutting-edge tech, massive scale, and aggressive global expansion. Here are the top. Nearly 10 battery companies built factories in Southeast Asia At present, Chinese domestic power battery companies accelerate the formation of groups to go abroad, with core competitiveness of high-end products to overseas markets, accelerate the pace of "going out" to fill the international.
