

Austria Su photovoltaic container manufacturer

Overview

Solarcont, an Austrian startup, has unveiled Solarcontainer, a portable PV generator that can function as a mobile solar plant independent of the electrical grid. DAS Energy offers a wide range of products that combine great aesthetics with functionality. On Austria's motorways and motorways, a total of 1,400 km of noise barriers not only offer protection from noise, but also potential new suitable areas for energy generation. DAS Energy has launched the new. Would you like to generate clean electricity flexibly and efficiently and earn money at the same time?

With Solarfold, you produce energy where it is needed and where it pays off. The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp. So the two goal-oriented and competent entrepreneurs Thomas Hilber and Karl Pühretmair decide to combine the forces of their renowned companies and to revolutionize the world of mobile high-performance solar systems. The managing directors Stefan Walser and Josef Schneider now employ over 350 staff across Austria.
