

Barbados quality energy storage battery company

Overview

The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. In. This first tranche of the competitive procurement process aims to deploy 60 MW (240MWh) of new Battery Energy Storage Systems (BESS) in Barbados, aiming to unlock renewable energy (RE) access to the grid, improve grid stability, allow better demand management, and mitigate supply interruptions. Barbados has launched the second phase of its Battery Energy Storage System (BESS) procurement process, a critical step in tackling ongoing grid congestion that has stalled the growth of the renewable energy sector.
