

Battery cabinet constant temperature and humidity type supplier

Overview

Keep insulated tools, PPE, and test instruments within a safe operating envelope. Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite materials age slower, inspections pass more often, and field crews stay ready. Keeping the battery. Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, temperature control and monitoring features. Provides energy efficient, convenient, safe and reliable performance for optimal storage. If you fill this cabinet with 3. 2v 280ah lifepo4 cells you can fit 7 rows, each with 48 cells in 12x4 configuration, and have 300kWh of battery storage. Of course you can fill this with any type of battery you want and that will determine how many kWh you can fit inside. Our capabilities include: laser cutting, CNC forming, precision welding, powder coating, screen.

Battery cabinet constant temperature and humidity type supplier

HUMIDITY & STABILITY CHAMBERS

Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, temperature control and monitoring features.
