

# Battery safety chad

## Overview

---

Chad Beebe, AIA, CHFM, CFPS, CBO, FASHE, deputy executive director of the American Society for Health Care Engineering, has been selected as a member of the National Fire Protection Association's technical committee for NFPA 800, Battery Safety Code. NFPA 800 is a proposed new standard that would. FSRI's 2023 public safety education campaign focused specifically on micromobility devices, given a high volume of fire incidents involving these devices, particularly in New York City, and a dire need to raise awareness of risks and provide actionable information to the public.
