

Belgian outdoor mobile energy storage power plant

Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

Overview

Green Turtle battery park, among the largest in continental Europe, will feed 700 MW of renewable energy back to the grid. Tractebel is Owner's Engineer on this landmark project. Green Turtle, situated on the Rotem industrial site in Belgium's northwestern Limburg province, was originally planned. Swedish engineering firm Sweco has won the contract to design one of Europe's largest battery parks which will be built in Belgium, the company confirmed on Monday. This. Kallo, 14 May 2025 - NHOA Energy, the global provider of utility-scale energy storage systems, today celebrated with ENGIE the groundbreaking of a 400 MWh battery energy storage system (BESS) in Kallo, Beveren, Belgium. The project will be delivered by NHOA Energy to ENGIE under a supply contract. Once completed, the four-hour battery energy storage project will operate under a 15-year contract with Elia, Belgium's electricity grid operator, and be located next to Engie's gas power plant in Vilvoorde. Just weeks after commissioning the first.
