

# Best solar power efficiency

## Overview

---

Our CNET experts have found the market's top performers with the highest efficiency ratings. The most efficient residential solar panel right now is the Maxeon 7, which dethroned the older Maxeon and Canadian Solar panels when it launched in February 2024. If. The difference between an average panel and a highly efficient one can mean fitting a complete solar energy system on a smaller roof—or generating substantially more power from the space you have.
