

Bulgaria uses glass solar panels

Overview

Bulgaria 's Council of Ministers has signed an agreement with Turkey's Smart Solar Technologies AD for the construction of a new solar cell and panel factory. The company will build the manufacturing facility in the village of Elenino in southern Bulgaria, creating 812 new. Ardagh Glass Packaging-Europe (AGP-Europe), an operating business of Ardagh Group, announced that it has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy 's St. George solar photovoltaic (PV) project in Bulgaria, securing renewable electricity for its glass. In Bulgaria, photovoltaic glass is gaining attention through significant renewable energy projects. [1] By the end of 2020 about 1 GW of solar PV had been installed. [2] It has been estimated that there is potential for at least another 4 GW by 2030.
