

# Can SF Express deliver photovoltaic panels

## Overview

---

We deliver dedicated shipping solutions for the solar industry, guaranteeing your panels, inverters, and components are transported with maximum care and security. Solar panel transportation, or solar freight, involves moving solar panels from manufacturers to distributors, contractors, and finally to installation sites. These panels are fragile, heavy, and expensive. Solar panels often require oversize shipping services. You. To meet customers' delivery needs, we provide high-quality services for shipping, transit, and delivery at the highest speed possible for every step of the process. From SF's international site, the main services.
