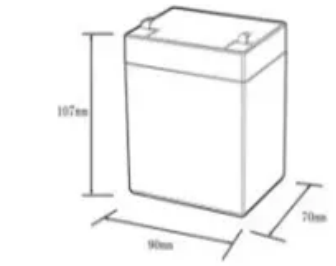
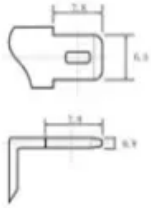
Combined solar container lithium battery energy storage cabinet quotation





12.8V6Ah	
Nominal voltage (V):12.8	
Nominal capacity (ah):6	
Rated energy (WH):76.8	
Maximum charging voltage (V):14.6	
Maximum charging current (a):6	
Floating charge voltage (V):13.6~13.8	
Maximum continuous discharge current (a):10	
Maximum peak discharge current @10 seconds (a):20	
Maximum load power (W):100	
Discharge cut-off voltage (V):10.8	
Charging temperature (℃):0~+50	
Discharge temperature (℃): -20~+60	
Working humidity: <95% R.H (non condensing)	
Number of cycles (25 ℃, 0.5c, 100%dod): >2000	
Cell combination mode: 32700-4s1p	
Terminal specification: T2 (6.3mm)	
Protection grade: IP65	
Overall dimension (mm):90*70*107mm	
Reference weight (kg):0.7	
Certification: un38.3/msds

Overview

Contact your solar battery storage cabinet experts for a competitive quote Now! This low-voltage power distribution enclosure is designed to provide safe management and protection of electrical contro. Contact your solar battery storage cabinet experts for a competitive quote Now! This low-voltage power distribution enclosure is designed to provide safe management and protection of electrical contro. True partnership requires more than just a quote. It demands proven quality (with the certifications to back it up), flexibility for custom models, and a shared commitment to your market success. Are you an Energy Storage Battery Seller in the local market and want to build your brand?

professional. BESS containers are more than just energy storage solutions, they are integral components for efficient, reliable, and sustainable energy management. BESS containers are designed for safety and scalability. They assure perfect energy management to continue power supply without interruption. This article explores cost drivers, industry benchmarks, and actionable strategies to optimize your investment – whether you're managing a solar farm or upgrading.

Combined solar container lithium battery energy storage cabinet qu

Customizable Solar Battery Container 417kwh LiFePO4 Lithium Bess ...

The products are widely used in smart grids, wind and solar power distribution and storage, industrial and commercial energy storage, green transportation, and other fields.
