

Communication high-voltage battery cabinet current measurement ESS power base station

Communication high-voltage battery cabinet current measurement

High Voltage ESS

Perfect BMS protection function and control system, multiple protection designs such as overcurrent, overvoltage and insulation. The number of cycles can reach more than 3,500 times, the service life is ...

Utility-scale battery energy storage system (BESS)

The main goal is to support BESS system designers by showing an example design of a low-voltage power distribution and conversion supply for a BESS system and its main components.
