

Corrosion-resistant communication power supply cabinets for network server rooms

Overview

Constructed from high-grade, SS 304/316, stainless steel, our enclosures are engineered to resist corrosion, rust, UV exposure, and physical impact—making them ideal for both indoor and fully exposed outdoor environments. Open and enclosed server rack and network rack solutions for a variety of environments including data centers, server rooms, network closets, offices, industrial, and specialty applications. Bring networking and computing exactly where you want it - like the factory floor or warehouse - with NEMA & ICEcube delivers industry-leading NEMA Cabinets and Racks designed to safeguard critical rack-mount equipment and batteries. FlexFusion™ Cabinets XG offer a unique universal platform.
