

Customization Process for Fixed Communication Power Supply Cabinets

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

Overview

Using your desired PLC or computer platform and HMI screen or manual interface, we can design your hardware control system. This can include ethernet, wireless communication and battery backup in a variety of enclosures. Up to 1500VDC and 1000VAC - enclosures that safely distribute electrical power from the main supply to various parts of the system. Moore has an extensive line of Outside Plant Enclosures including Ground Mount and Pole Mount Power Supply, Power Node, Node Cabinets and Environmental Enclosures. These small form factor POL modules, now available in Single In-line Package (SIP) and surface mount device. KDST specializes in delivering a full range of cabinet solutions for telecommunications, energy, and industrial automation sectors.

Customization Process for Fixed Communication Power Supply Cabinet
