

Cyprus solar communication base station battery manufacturer

Overview

The project, developed by Sunel Group, will feature a 50 MW/100 MWh battery on the island's eastern side. A commercial battery energy storage system in Cyprus can store solar energy, reduce grid reliance, support net billing, and even protect against blackouts. Specializing in the design, licensing, installation, and Operations and Maintenance of photovoltaic (PV) systems and Battery Energy Storage Systems (BESS), we provide cutting-edge commercial and. As a nationwide distributor of photovoltaic equipment in Cyprus, we are committed to providing fast and specialized service. We ensure the prompt and secure delivery of materials, meeting all your needs. Complete solar systems for commercial, residential, and industrial applications. Cyprus has taken a step toward modernising its energy infrastructure with the commissioning of a 3.

Cyprus solar communication base station battery manufacturer

Trikkis Energy LTD , A true source of energy

As a nationwide distributor of photovoltaic equipment in Cyprus, we are committed to providing fast and specialized service. We ensure the prompt and secure delivery of materials, meeting all your needs.
