

# Daily power generation curve of wind power

## Overview

---

Use WeatherPower graphics to show daily wind and solar electricity generation based on weather of the day and installed capacity in your area. Looking for archive data?

. Comprehensive data summaries, comparisons, analysis, and projections integrated across all energy sources. Monthly and yearly energy forecasts, analysis of energy topics, financial analysis, congressional reports. To activate drag with keyboard, press Alt + Enter. Wind energy production can vary significantly from year. Wind Watch is a registered educational charity, founded in 2005. You can find more about Ember's methodology in this.
