Overview

The 2024 humanitarian response plan for Chad, which required US\$1.125 billion, was only 49 per cent funded by October 2024. Projections for 2025 suggest further deterioration of Chad's humanitarian situation, underscoring the urgent need for strengthened interventions for Chad's. IOM Chad will provide immediate, life-saving assistance to crisis-affected individuals and communities, while facilitating access to diversified livelihoods, improved basic infrastructure, and meaningful participation in governance processes. These efforts aim to create the conditions for. Chad is experiencing a complex humanitarian crisis, aggravated by climatic shocks, conflicts and health emergencies. Since the armed conflict in neighbouring Sudan erupted in April 2023, eastern Chad has faced an. Amid the ongoing war in Sudan, Chad, the country receiving the most refugees in Central Africa, saw slight improvements in its humanitarian situation last year, but as one of the most vulnerable nations on the African continent, it is still struggling to support four million people in need. Chad is Africa's largest refugee host per capita with over 1. Statistics show that 49 per cent of the per cent for 6 to 10 years and 28 per cent for 11 years and more.
