Start shopping online now with Costco Same-Day to get your favorite Costco. Keep your solar battery bank protected, organized, and ready for action with the EG4 BossBox Energy Storage Enclosure. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is. AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations. Maximize solar energy usage, reduce energy bills, and ensure reliable backup power.
