

# Does air transport of photovoltaic panels to India require BIS certification

## Overview

---

Yes, obtaining BIS certification for solar panels is compulsory in India. The Bureau of Indian Standards (BIS) operates the Compulsory Registration Scheme (CRS) under Scheme II of Schedule II of the BIS (Conformity Assessment) Regulations, 2018. For manufacturers, BIS registration for solar panels is not just a legal requirement but also a. To ensure that all solar equipment used in the country meets the highest standards of safety and efficiency, the Bureau of Indian Standards (BIS) has made certification mandatory for solar photovoltaic (PV) modules.

## Does air transport of photovoltaic panels to India require BIS certification

---

### BIS Registration of Solar Panels

Is BIS certification mandatory for solar PV modules in India? Yes, BIS certification is mandatory for all solar panels manufactured, sold, or imported in India under MNRE guidelines.
