

Finland photovoltaic energy storage container 60kW

Overview

The plant, equipped with 26 PowerTitan 1.0 containers from Sungrow, delivers 30 MW of output and 60 MWh of storage capacity. As wind and solar energy play an increasing role in the grid mix, the system helps maintain reliability - even under extreme climatic conditions. Simo, Finland, - Sungrow, the global leading PV inverter and energy storage system provider, announces the successful deployment of the 60MWh battery storage project in Simo, Finland. This project, one of the northernmost battery power plants in the world, supports Finland's renewable. In northern Finland, less than 100 kilometres south of the Arctic Circle, a new battery storage facility is now supporting the stability of the regional power grid. Finland 60MWh BESS Project with Sungrow Solution. Sungrow, a China-based PV.
