

# Free installation of rooftop solar power generation

## Overview

---

The short answer is no, you can't get free solar panels from the government. This comprehensive guide will walk you through everything you need to know about rooftop solar power, from understanding the technology to calculating your potential savings and choosing the right installer. What is Rooftop Solar Power?

Rooftop solar power, also known as rooftop photovoltaic (PV). Community solar allows multiple people to benefit from a single, shared solar array that can be installed on- or off-site. Costs associated with purchasing and installing a solar energy system are divided among all of the participants, who are able to buy into the shared system at a level that best. Did you know there are generous tax incentives for Americans looking to install solar panels on their home?

The most common solar tax incentive is called the Investment Tax Credit (ITC). According to the Ministry of New and Renewable Energy (MNRE), the scheme has already benefited over 2.
