

# Funafoti solar container battery Energy Storage

## Overview

---

Summary: Discover how the Funafoti EK Power Station revolutionizes solar energy storage, combats grid instability, and sets new standards for sustainable infrastructure. As global renewable energy capacity grows 8% annually (Global Market Insights 2023), these modular systems are solving three critical challenges: The energy storage market will hit \$15.6 billion by 2027 – and containers account for 40% of this growth. Learn how this technology supports renewable energy integration while cutting costs. Why. Power Grid Corporation of India has won a 2,000 MWh battery energy storage project in Andhra Pradesh under tariff-based competitive bidding. The BOO project, backed by viability gap funding, strengthens grid flexibility. Shares ended flat despite recent underperformance across timeframes.
