

# Glass solar lighting roof

## Overview

---

Explore the innovation of glass roof systems with integrated solar technology. Photovoltaic roof tiles boost energy efficiency while offering durability and aesthetic appeal. Learn about cost, maintenance, and how skylight roofs combined with solar panels enhance home sustainability. A skylight, often referred to as a rooflight, is a structure or window designed to allow light to enter, typically made from transparent or translucent glass. Skylights, also known as roof lights or daylighting. Our Solatube® High Tech Modern Skylights are all about delivering maximum natural light into your home without the heat of traditional skylights. The glass solar tiles and steel roofing tiles look great up close and from the street, complementing your home's natural styling. Imagine a roof that shelters your home. The PDS skylight meets contemporary design and technological standards, suitable for both residential and commercial buildings. This contributes to reduced energy.
