

# Hexagon socket screws for photovoltaic bracket

## Overview

---

1/4" Stainless Steel Solar Hex Head Cap Screws. Hex Head Cap Bolts are a Primary Fastener Type For Many Solar Panel Racking, Clamps, and Bracket Thru-Bolting Applications. As a General Hex Cap. "Easy to Install":the solar hanger bolts are easy to install and can be installed with everyday tools such as Allen keys, saving installation costs; the installation is firm and an indispensable accessory for solar roof installations. If you have engineering project needs, we can customize the solar mounting system solution for you according to your project location. M8 × 25mm hex socket cap bolts from SPC solar are made of stainless steel (A2-70). Inner hexagonal socket bolts are also called allen head bolts (screws) are metric coarse.
