

How long does a battery plus inverter last

How long does a battery plus inverter last

how long will a 12v battery last with inverter?

For example, the total power of your appliances and inverter is 200W, then the battery running time is $2400\text{Wh}/200\text{W}=12\text{h}$, i.e., your battery can work under a load of 200W for 12h.
