

# How much does an 80-watt solar light cost

## Overview

---

To determine the cost of an 80-watt solar light, several factors need to be considered, including 1. Shop products from small business brands sold in Amazon's store. The fixture operates at 200 lumens per watt and serves as a direct replacement for 400 watt metal halide area lights. The housing is constructed from aluminum alloy with a monocrystalline solar panel. 80 Watts 8000-8800 Lumens 50,000 Hour Life! Street Light Shipping Option?
