

# Is there a warranty for photovoltaic panels downgraded to B

## Overview

---

This warranty is typically shorter than the performance warranty, ranging from 10 to 25 years. – What It Covers: – Manufacturing defects. – Damage due to faulty materials or workmanship. While many home appliances typically come with a basic warranty offering free replacements within a specified period, solar panels are protected by various types of warranties that cover a range of potential issues. Like many aspects of a photovoltaic (PV) system, understanding solar. A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage. Usually guarantees a max annual degradation rate and a final output level after 25 years. d/b/a SunPower you're backed by industry-leading manufacturer warranties and SunPower's commitment to quality installation and service. If something's not working.
