

# Large-scale cabinet system for highway use

## Overview

---

APX enclosures offer a flexible, modular design to promote easier cabinet access and maintenance while meeting all regulations. APX also supplies single door flasher cabinets, double door, quad door and customized enclosures for unique applications. Traffic cabinets and enclosures can be customized to meet any need; manufactured from aluminum, stainless or carbon steel; and produced in a wide variety of styles, ranging from small pole-mounted to mid-sized freestanding to large walk-ins (and everything in between). Standard-size ATC cabinet for ATC controllers. Manages up to 72 inputs and 32-channel outputs. The 336 Mini cabinet is the most compact of the 336 lineup, better suited for smaller areas. With the latest FHWA Buy America requirements taking effect in 2025, agencies must plan ahead to. Southern offers a full range of enclosures for Intelligent Transportation Management (ITS) for a wide range of applications. Applications include: Southern Manufacturing is your source for.
