

# Liquid Cooling Energy Storage System All-in-One

## Overview

---

The 211kWh Liquid Cooling Energy Storage System Cabinet adopts an "All-In-One" design concept, with ultra-high integration that combines energy storage batteries, BMS (Battery Management System), PCS (Power Conversion System), fire protection, air conditioning, energy. The 211kWh Liquid Cooling Energy Storage System Cabinet adopts an "All-In-One" design concept, with ultra-high integration that combines energy storage batteries, BMS (Battery Management System), PCS (Power Conversion System), fire protection, air conditioning, energy. GSL ENERGY's All-in-One Liquid-Cooled Energy Storage Systems offer advanced thermal management and compact integration for commercial and industrial applications. Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection. The SolaX Energy Storage System (ESS) - TRENE is an advanced liquid cooling solution designed for large-scale energy storage needs. With a 261kWh stand-alone capacity and 125kW output (peaking at 137.5kW), this versatile system is ideal for factories, malls, and so on.

## Liquid Cooling Energy Storage System All-in-One

---

### 261kWh Liquid Cooling Energy Storage System , Wenergy

The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ensures ...
