

# Longi 345 photovoltaic panel length and width

## Overview

---

The LONGI Solar LR4-60 HPB 345 M G2 panel delivers 345W. Maximum current and voltage are 10. As for physical dimensions, the panel is 1755mm tall and 1038mm, wide, and weighs 20kg. Detailed profile including pictures, certification details and manufacturer PDF . To compare updated solar panel prices by brand, system size, and more, check out our article on the cost of solar. Power (measured in watts) and efficiency (how well panels convert sunlight to electricity) are some of the most common metrics used to compare solar panel products. Homeowners can also pair these panels with energy storage solutions, such as home batteries, to store excess energy for use during peak hours or in case of power outages. Need More than 2 Pallets?

Call or Text 646-504-7184 For Special Pricing. The LonGi 345W Solar Panel (LR6-72PH) offers high-efficiency monocrystalline technology with excellent PID resistance, designed for optimal performance in both residential and commercial installations. 8%, this panel. See the table below for available information we have about LONGi Green Energy Technology Co Ltd LR4-60HPB-345M solar panels.
