

Network base station sites in Moldova

Overview

While Moldtelecom and StarNet are major players on the "wired Internet access" market, Orange Moldova, Moldcell and Unité are major players on "mobile Internet access" market. Because Moldova is a small country, telecommunications companies managed to achieve good coverage in both wired and wireless communications infrastructure. Landline is available in most settlements, however mobile phone popularity has vastly increased in recent years. The country's compact size has facilitated the rapid expansion of mobile networks, ensuring that even remote areas have access to. Explore network coverage by operator and country, and more! What is OpenCelliD?
