

New solar bracket profile

Overview

Solar bracket profiles are essential structural components used to securely mount photovoltaic (PV) panels in various environments. Protea Bracket is mounted directly onto the crown of the trapezoidal sheet using stainless-capped screws (provided) or Bulb-Tite rivets (sold separately). It has been. The Z-Type Photovoltaic Solar Mounting Bracket which is the ultimate solution for supporting solar panels. Our profile Z are made from zinc-aluminum-magnesium steel, a highly durable material with excellent corrosion resistance making it ideal for outdoor use.
