

Nordic energy storage battery manufacturer

Overview

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, and power grids. At Nordic Batteries we focus on what is important: safety, reliability and performance. Leveraging automated production and innovative technology, they deliver high-performance. Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products. We design customized storage systems to match your energy demands and infrastructure. As the global demand for renewable energy continues to increase, Sweden, as the Nordic energy pioneer, is actively promoting the development of its energy.
