

# Off-grid solar container AC power supply for research stations

## Overview

---

Discover solar powered shipping containers with 10-50KW off-grid systems, lithium batteries & 25-year capacity guarantee. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres. Systems are fitted in new. MOBIPOWER HYBRID Containerized Clean Power is Mobismart's high-capacity autonomous power solution, integrating solar panels, hydrogen fuel cell, and large-scale battery energy storage within a weatherproof shipping container. Save thousands of dollars on a high quality, name brand off grid solar solar system by taking advantage of our high volume manufacturer relationships. Shop. The prices at Off-Grid were very competitive, in most instances Manny matched or beat the lowest prices I found. especially when you're looking to spend upwards of \$40k. But I can't emphasize enough how helpful he was, way beyond making a sale.
