

Orchard Solar Water Pump Inverter Manufacturer

Overview

Haiyan Lixiang Electronic Technology Co. We are a professional manufacturer of frequency inverters, integrating R&D, production and sales. This system was installed by one of our customers in Southern California for a remote off-grid orchard. He came to us looking to pump water out of an existing well from a depth of 160 feet, to a tank 175 feet above and 1700 feet away from the well head. This is no small feat for a solar powered. INVT GD100-PV solar pump inverter is specially designed for photovoltaic (PV) water pump systems. It is suitable for agricultural irrigation, water supply in mountainous areas, desert control, and other scenarios, making it an ideal solution for green energy applications. What sets Hober apart is the high efficiency and durability of.

Orchard Solar Water Pump Inverter Manufacturer

380V 3pH 1.5kw PV Solar Pump Inverter with MPPT for Orchard ...

We are a professional inverters manufacturer, engaged in R& D, producing and sales. With good quality, competitive price and satisfactory after-sales service, our products are exported all over the world ...
