

Outdoor power supply drops to thousands of dollars

Overview

Over the past two years, demand for outdoor power solutions – including solar generators, portable power stations, and hybrid energy systems – has surged by 43% globally. But will prices keep climbing?

Let's break down the factors at play. The Trump administration has targeted renewable energy for driving up electricity prices, but POLITICO's analysis shows states that are growing their wind and solar power typically have lower power costs. [some emphasis, links added] Many don't want the installations blanketing wildlife habitats. From mountain-top wind turbines in Norway to rooftop solar panels in Australia, renewable energy is flooding into power networks like never before. Discover market trends, cost drivers, and expert insights on portable generators, solar energy systems, and backup power solutions. outdoor power equipment market size was valued at USD 12.89 billion in 2023 and is anticipated to grow at a CAGR of 6.

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
