

# Photo of battery in solar container telecom station

## Photo of battery in solar container telecom station

---

### What is the solar container battery for communication base stations

A base station energy storage system is a compact, modular battery solution designed to ensure uninterrupted power supply for telecom base stations. It supports stable operations during grid

## What is the solar container battery capacity of base station

This large-capacity, modular outdoor

base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.
