

Photovoltaic panel dismantling factory address

Overview

Covering an area of 30, 000 square meters, our company was registered in fengxian district, Shanghai, in 2006. Our factory is located only 50km away from pudong international airport (pvg) and is adjacent to A4 and a30 freeways. Our team carefully dismantles damaged panels and separates the components for recycling, reducing the amount of waste that ends up in landfills and promoting environmentally responsible practices. To ensure that we offer the most sustainable solutions, we conduct a thorough and comprehensive. They address the crucial need for responsible disposal and recycling as panels reach the end of their lifecycle. High technology accumulated in PV industry and ability of applying it to new industries We have accumulated high technology in PV industry from development and sales of PV module manufacturing equipment to panel reuse/recycling. The end-of-life for PV systems often arrives early due to outdated and inefficient panel technology, manufacturing defects, damage, poor maintenance, expired warranties, roofing problems or simply a change in ownership. Whatever the reason for dismantling and. Solar Panel, Battery Pack, Solar System manufacturer / supplier in China, offering Premium 600W/650W/670W/680W Bifacial Solar Panel China Solar Energy Panel Affordable Price Panel Solar Panel, Smart Home Solar Kit 5kwh/10kwh/20kwh Lithium Power Battery Stacked Energy Storage System Battery, Best.

Photovoltaic panel dismantling factory address

Top 26 Solar Panel Recycling Companies

We have accumulated high technology in PV industry from development and sales of PV module manufacturing equipment to panel reuse/recycling. Now we provide it for a variety of industries ...
