

Photovoltaic panel replacement accident

Overview

Department of Labor has cited a solar panel and battery storage company with two repeat safety violations after federal investigators found the company exposed workers to deadly fall hazards twice within three months. In 2019, falls caused over one-third of all construction fatalities. One tragic incident in Gurnee, Illinois, in February 2024, saw 28-year-old Braulio Lozano fall from a roof while installing solar panels, later dying from his injuries. This highlights the need for stringent safety measures. Abstract: At 5:00 p. Investigators with the department's Occupational. The California Fatality Assessment and Control Evaluation (FACE) program investigates work-related fatalities to identify the causes and prevent similar incidents from occurring in the future. The tragedy occurred yesterday afternoon, around 5 PM, in Paliano, on Via Bosco Castello, near the. Some dangers can arise for electrical workers and other personnel involved in solar panel installation and maintenance. This includes risks of electrical accidents. Solar panel systems can generate a significant amount of direct current (DC) energy, which behaves differently from alternating.
