

# Photovoltaic support palletizer quotation

## Overview

---

Personalized support from solar freight specialists experienced with handling fragile, high-value panels and components, optimizing transport for safety and efficiency. Transparent and competitive quotes with clear breakdowns of packaging, handling, and insurance options specific. Take the first step towards your ideal palletizer - fill out the form and let us tailor a perfect fit for your needs! All fields are required. We strive to respond within one working day. Our solar module pallets and collapsible bulk bins are engineered for real jobsite conditions—reducing waste, cutting breakage, and improving logistics from transport to installation. Every solar project has unique requirements. Our pallets are built to your exact specifications, typically 48 × 96 or custom oversized dimensions. Always request a detailed quote. Q4: Are pallet solar panels insured during shipping?

Yes, with Sunchees or qualified freight agents, pallets of solar panels can be fully insured. Automatically sorts modules based on bin information, compatible with all mainstream module types and packing methods—including vertical packing of both standard and glass-glass modules. Easy and flexible to operate via teach.
