

Portuguese solar integrated container manufacturer

Overview

The construction, installation and operation of the solar panels and set of batteries will be conducted by PlenoEnergia, a Portuguese Energy Marketing and Energy Services provider, which will also be the project's promoter and the owner of the equipment. The Portuguese solar market has evolved from utility-scale projects to diversified applications including commercial, industrial, and residential installations. Supportive regulatory. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container. RENDONO Solar®, leading Solar Manufacturer of the Solar Panels, Solar Container, Solar Mounting Brackets, Solar Power System, Outdoor Solar Lighting, Solar Hat Fan, Since 2010. The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp. What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. By delivering clean, accessible electricity, we support sustainable communities and contribute to a healthier.

Portuguese solar integrated container manufacturer

Solarcontainer: The mobile solar system

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.
