

Price comparison of fixed solar energy storage cabinetized tunnels

Overview

This report is available at no cost from the National Renewable Energy Laboratory (NREL) at www.nrel.gov/tp-7A40-87303. NREL analyzes the total costs associated with installing photovoltaic (PV) systems for residential rooftop, commercial rooftop, and utility-scale ground-mount systems. NREL's PV cost benchmarking work uses a bottom-up approach. DOE's Energy Storage Grand Challenge supports detailed cost and performance analysis for a variety of energy storage technologies to accelerate their development and deployment. The U.S. Department of Energy (DOE) Solar Energy Technologies Office (SETO) and its national laboratory partners analyze cost data for U.S.
